FIG. 10

The diagram illustrates a medical device assembly, possibly for minimally invasive surgery or diagnostic imaging. Key components include:

- Main Body (2):** A central component with a curved distal end (8a) housing a light source (40).
- Flexible Tube (30):** Connects the main body to a control unit (16A).
- Control Unit (16A):** Includes a pump (34) and a reservoir (32) for fluid management.
- Mechanical Linkage System:** A series of interconnected bars and joints (18, 20, 22, 24, 26, 42, 44, 46, 48, 64) that facilitate the controlled movement and positioning of the device's tip.
- Base Structure:** The entire assembly is mounted on a solid base, indicated by hatched areas.
